

On December 6th 2019....The Butterfly Gal 2000 had asked out a girl named Amanda Rose, aka Sierra Saccoccia. The relationship was sadly blissful for one year, ONE YEAR, not even kidding... After a year of being with her, she started to show her true colors... 💔

GIANT NSFW WARNING

Sooo... the whole relationship started going downhill when Amanda started to have a crush on a guy who I don't wanna name cause I respect his privacy, She kept a lot of things secret from everyone. She often fantasized about being with her crush while still in a relationship with me. At first, I didn't mind her having a crush on someone since everyone has their crush on one person they like and it's completely normal. But what was NOT normal... was when Amanda started going super crazy about her crush in a VERY UNHEALTHY WAY, and she never had consent of anyone. She often moaned in his name while me and some other friends of mine were in a VC. Whenever me and my bestie try to do jokes or say something, Amanda would COMPLETELY interrupt us and loudly claim she wants to have sex with her crush. Her horniness was making EVERYONE in my friend group VERY uncomfortable with her behavior. Hell, it got so bad that my friends had to do an intervention on her. It SEEMED to work for a while before going back to paying FULL attention to her crush, acting like we were "controlling" her. Little did I know, she had gotten my friend to send pics of herself in a bra to her crush **BEFORE MY BIRTHDAY!** I'll never forget that night where I was on a call with Ezra (one of my friends in my group) and he had told me about the DISGUSTING act Amanda pulled behind my back. I remember that feeling of deep shock. My jaw had dropped to the floor, my face went from normal to white and pale with a look of shock on my face. I also felt my heart break into a million pieces. I bursted into TEARS after finding out about what Amanda had done behind my back! "How could she f**king betray me like this???" was all that was in my head at that moment while sobbing tears at 1 in the morning. I cried and told my

other 2 friends about what I had found out. They were shocked after finding out what Amanda had done. The news spread like WILDFIRE 🔥 and within minutes, everyone knew and were disgusted after finding out what Amanda had done ***the night before my birthday***. After she was caught cheating, she tried to play the victim card and all the other cards. She even put the blame on not only me, but my friends too. Here is all the proof that she did this...

Amanda Rose Buchan 10/17/2021

You guys were fine with me making videos involving me and Brandon, idk what happened with you

guys.... you guys didn't have to vent about this....

Now I changed my name and remade Aurora's birthday video...

Amanda Rose Buchan 11/04/2021

Also, I took Brandon's crush level too far....

That's why I sent him those pics of me in a bra.

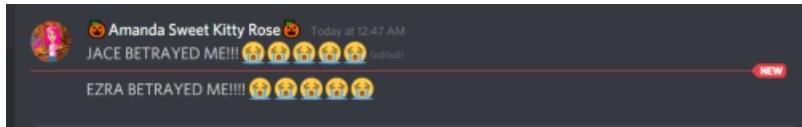

Amanda Rose Buchan 10/18/2021

The original video is at the end where me, Aurora and Brandon plan a threesome, but I took that part out due to the situation and confusion.

Amanda was planning to make a sex video of Brandon without his consent or knowledge.

When Amanda was caught cheating, she blamed and yelled at us for HER actions.

I'm now heartbroken.... because I just lost my friends cause I made the biggest mistake of my life. I cheated on Aurora and I totally regret it..... now I'm left with only me.....lost everything..... even most of my fans.....I hate my life, I hate everything, I just wish I could just die already..... I'm sorry but I wish I was dead.....

Here's some more proof.

Amanda tries to play a victim.

Amanda Rose Buchan 10/25/2021

That I told him to send...

I trusted Ezra not to say anything.

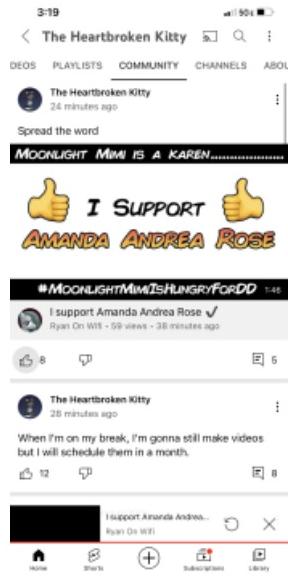

It was meant for Ezra, not them.

Proof she's begging for money on instagram

Amanda calls her crush her “boo boo” instead of referring to Aurora.

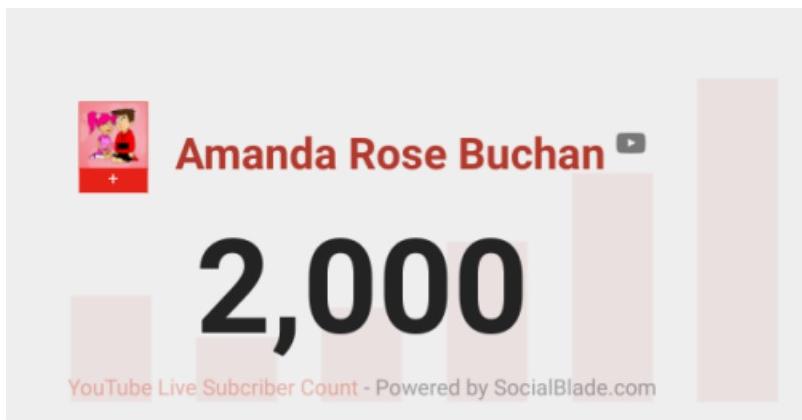

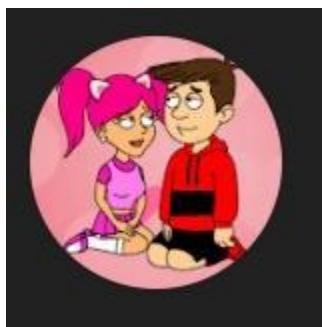

Proof she's attention seeking even more by crying those fake sympathy tears.

Now I wish people didn't attack me and get involved in my hate....

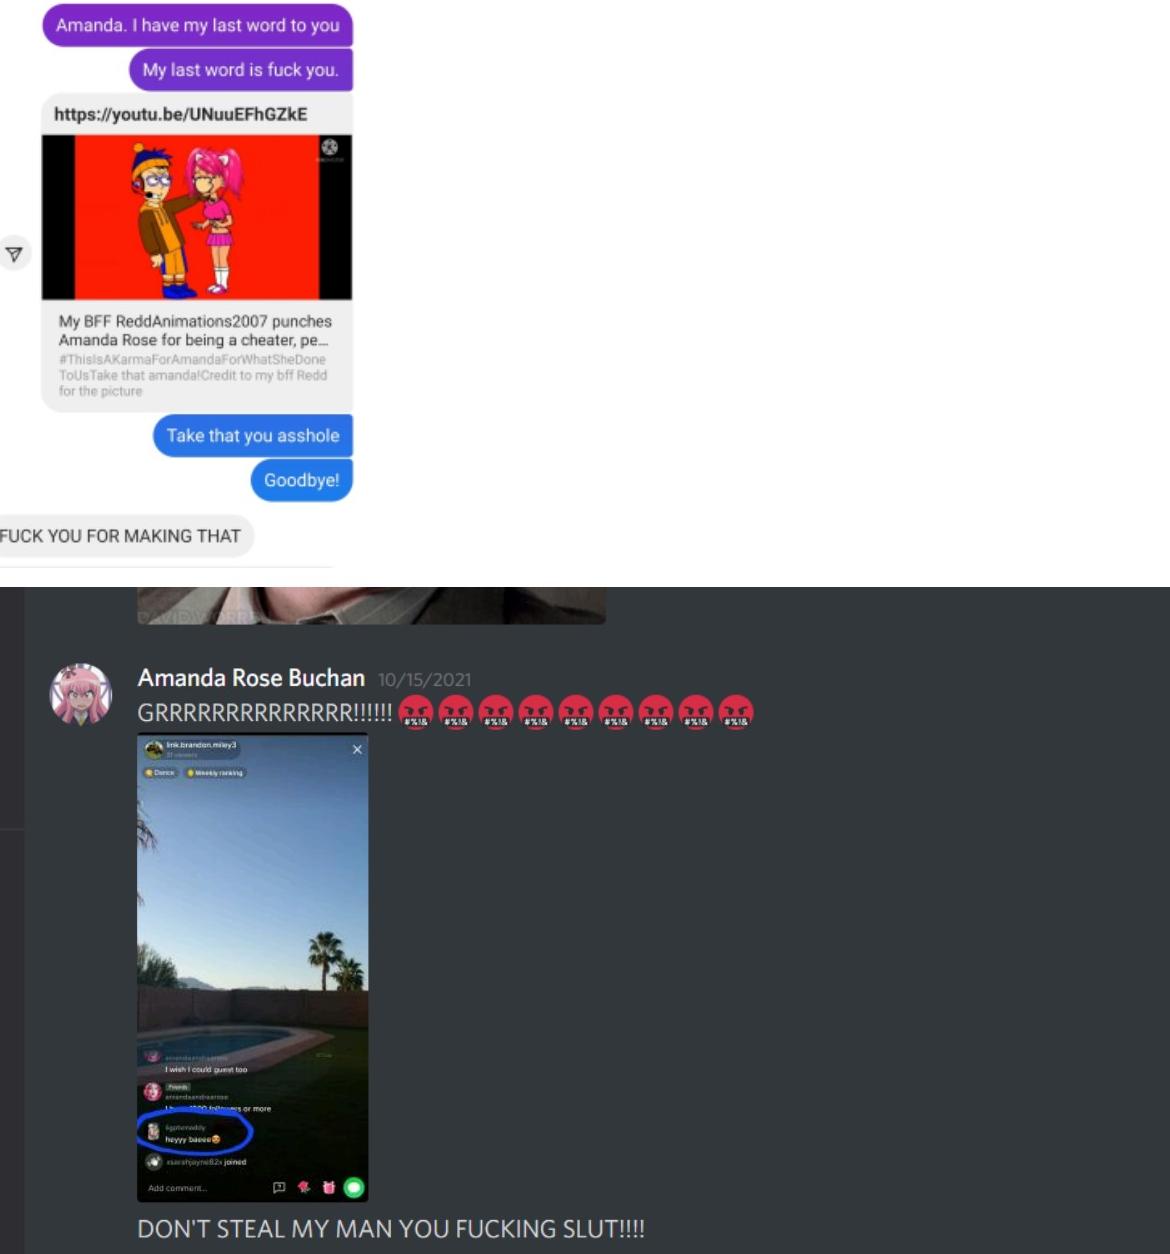

I even see the Vyond Community forcing people to unsubscribe to me...

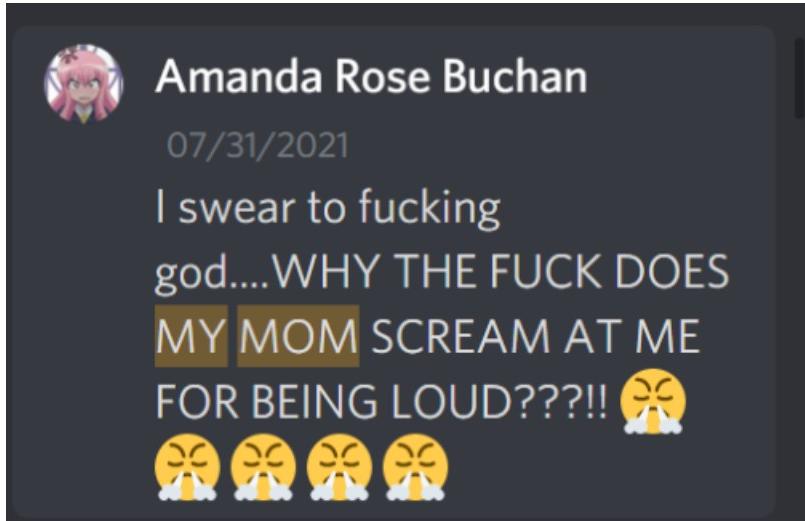

She attention seeked for subs

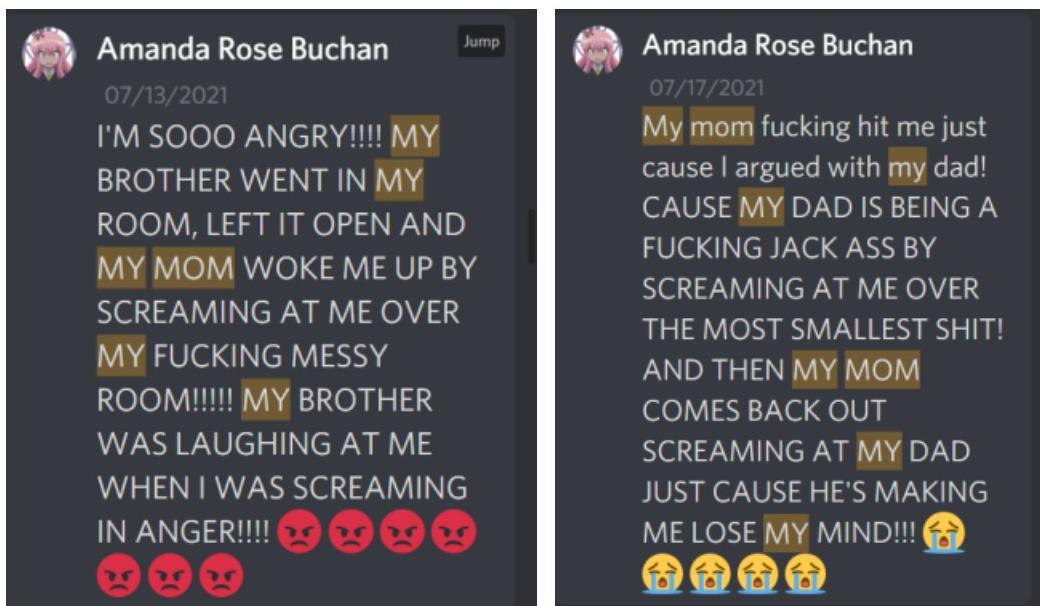

Hari ini 10:55

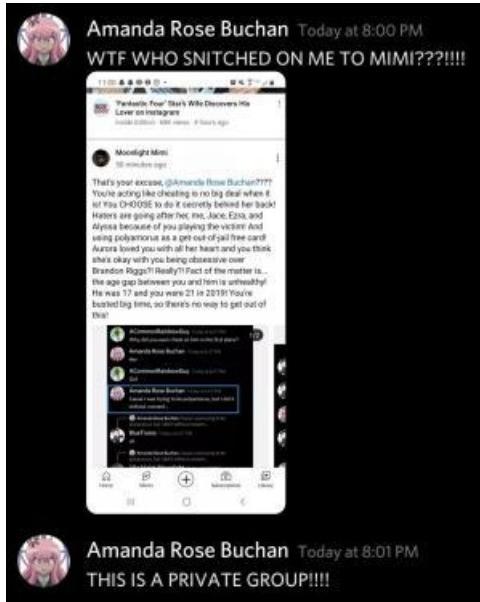

She also yelled and screamed at people for “stealing her man”. The age gap between her and him is unhealthy.

Also she talked bad about her mom behind her back.

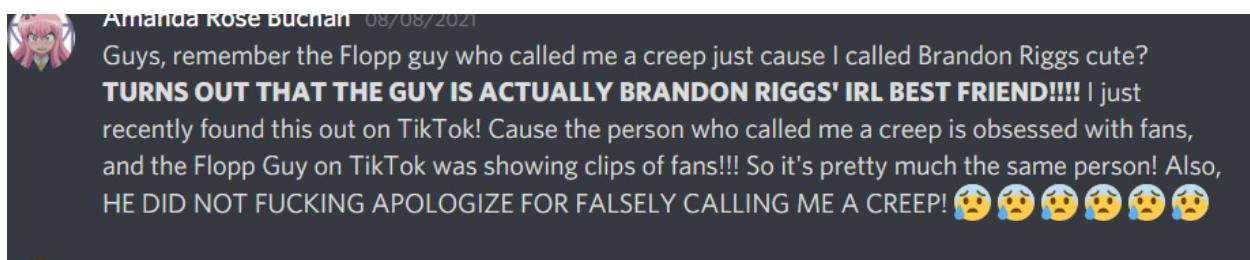

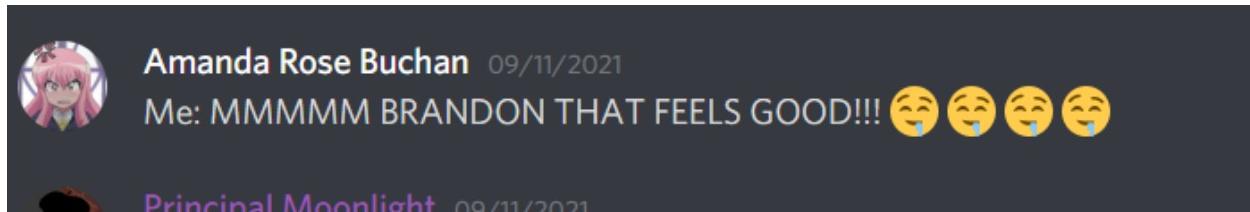

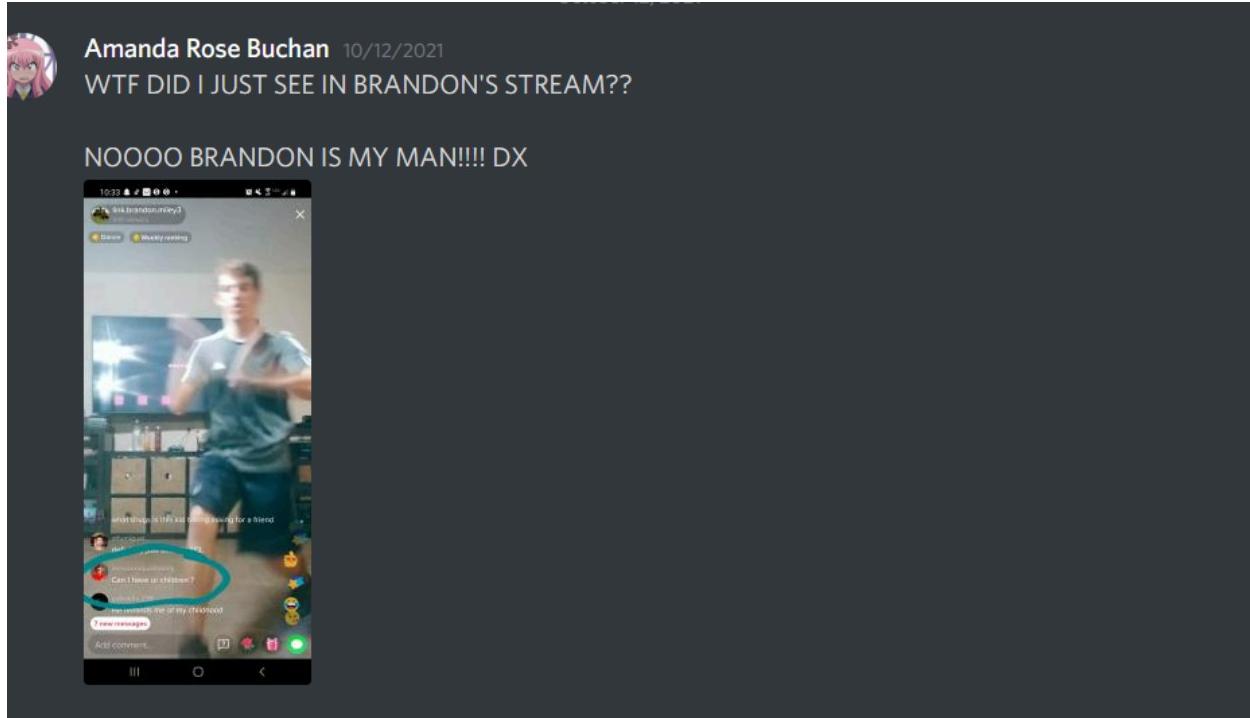

Amanda Rose Buchan Today at 12:27 PM
This is a private dm! Who is sending screen shots?

We had the right to speak out for a very good reason. The reason is that Aurora loved her so much, but we're wrong since Amanda CHOSE to cheat behind her back. And committed sexual harassment on someone since 2019!

Amanda Rose Buchan 10/15/2021
Why are people giving me anxiety over Brandon?!

I told in a call someone he wanted to marry me, the person replied "I CALL THAT BULL!1"

Amanda lies about aurora again

This person AlaskionBoi thinks Aurora is “harassing” Amanda, when in reality, she had the right to speak out. As if Amanda did nothing wrong after her true colors are revealed. Amanda is currently watching this doc (She’s anonymous panda idle) as it’s being edited so she can manipulate more people. That’s how obsessed she is with keeping her

reputation alive. Sexual harassment is unforgivable, especially with an unhealthy age gap (she was 21 and he was 17 in 2019).

Amanda Rose Buchan 10/18/2021

I hate choosing and I love both Brandon and Aurora. I just think Nick is controlling us.

I bet when I did that in front of my staff, she would be civil with me! 😤

I swear to god I hate my life...I wanna live with you guys where we be civil to each other...

If we do something wrong, we would correct each other civilly...

Principal Moonlight 08/28/2021

Yeah I agree. Even though I couldn't control my anger, I'll try to be civil. 😔

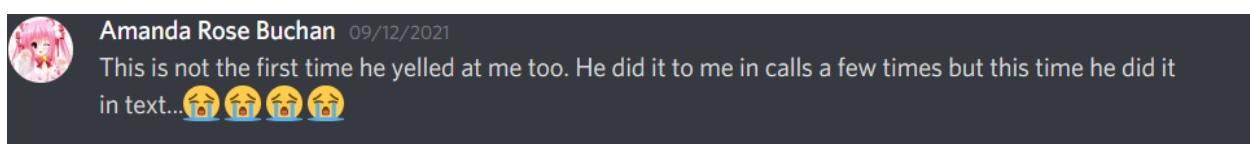

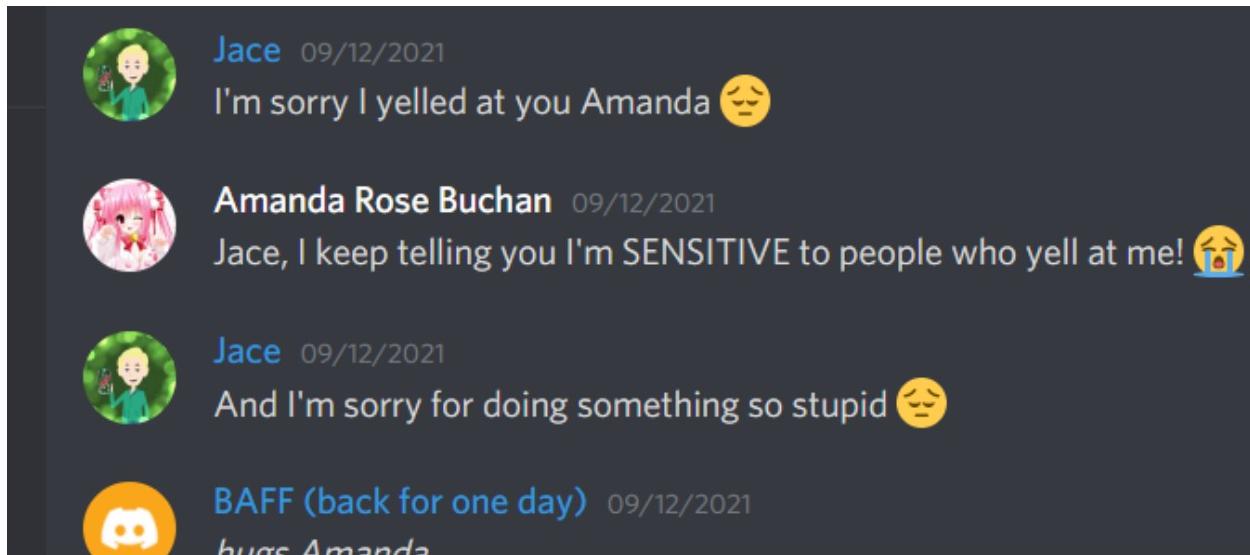

Amanda Rose Buchan 08/28/2021

Also, just recently, I told my dad I have a crush on Ezra's friend (who is Brandon Riggs but I didn't mention the name), he had a nerve to reply, "OOOOHHH DON'T SAY THAT YOU WILL LOOK LIKE A FOOL!!!11" WHAT THE FUCK KIND OF RESPONSE IS THAT??!!! 😤 😤 😤 😤

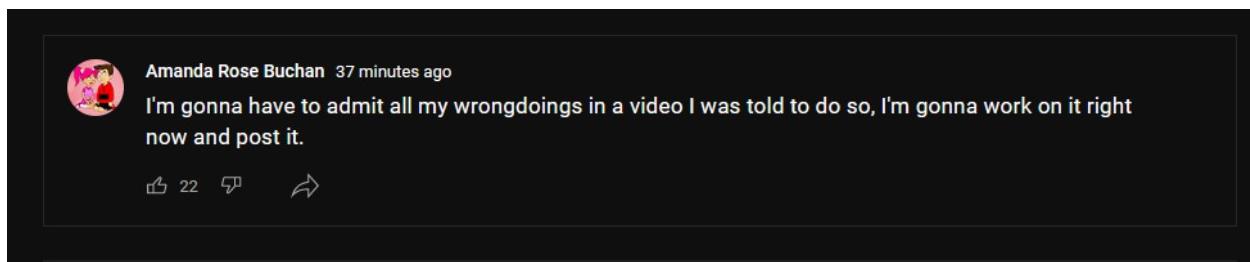

Amanda Rose Buchan 09/12/2021

And you yelled at me..... you know I'm sensitive! 😭

Amanda accused Jace of yelling at her, even though she yelled at us multiple times, and whenever BAFF accidentally worded things wrong, she would yell at him or say “FINE THEN!!”

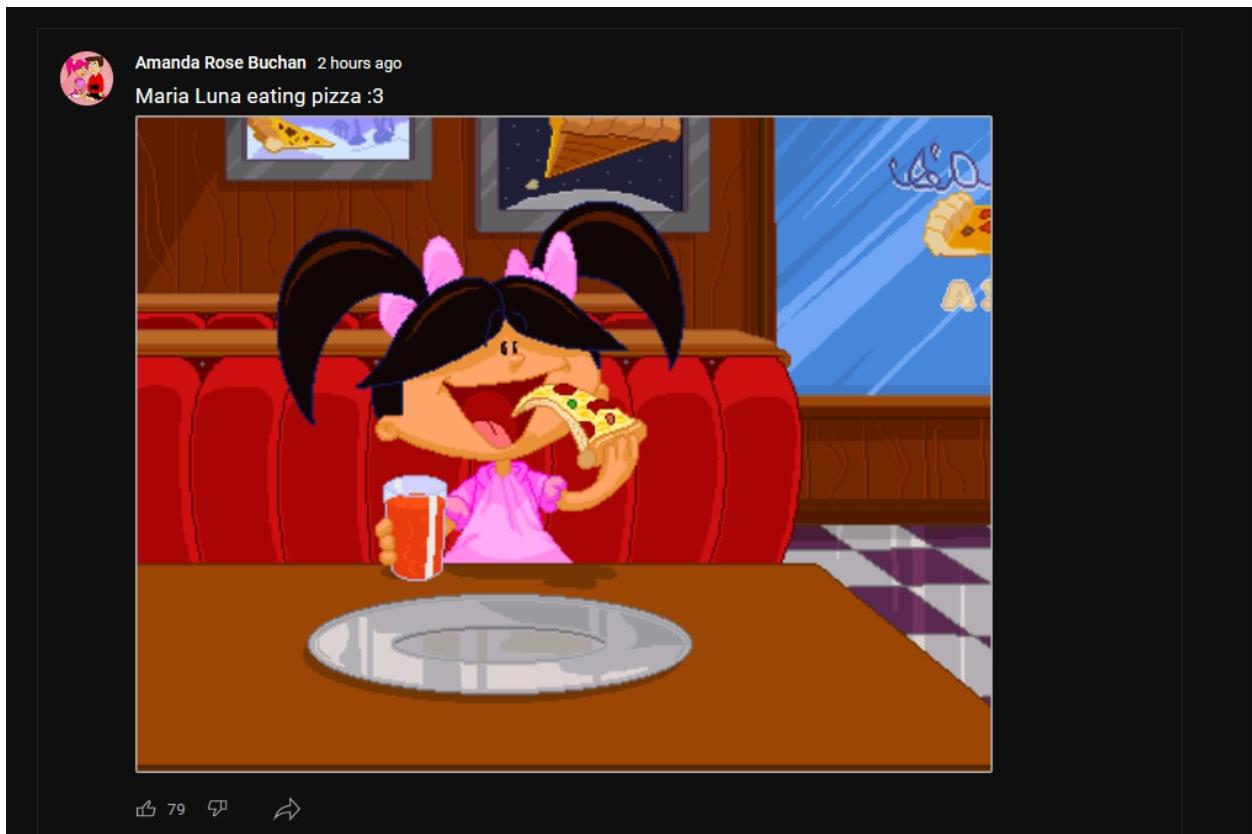

Now she plans on “Admitting her wrong doings” she did this once but ended up taking that video down due to backlash. She only cares about losing her friends. She's not sorry for what she did at all, she just wants her friends back. She also prank called and harassed a 14 year old girl calling her a whore and a slut nonstop in 2017 and threw a temper tantrum over a STEAM GIFT CARD and NEVER apologized or acknowledged it, so let's see how this goes.

UPDATE

She had the video up for less than an hour before she deleted it because she couldn't handle the dislikes. In the video, she basically repeated everything in the doc, but she didn't explain why she did any of the things and used "behavioral issues" and "sensitive" as an excuse. She also claimed to be seeking therapy, but she was already doing that for a long time before the situation happened. So, nothing's probably gonna be happening in terms of that any time soon, but it would be nice if it did.

There is a reupload here.

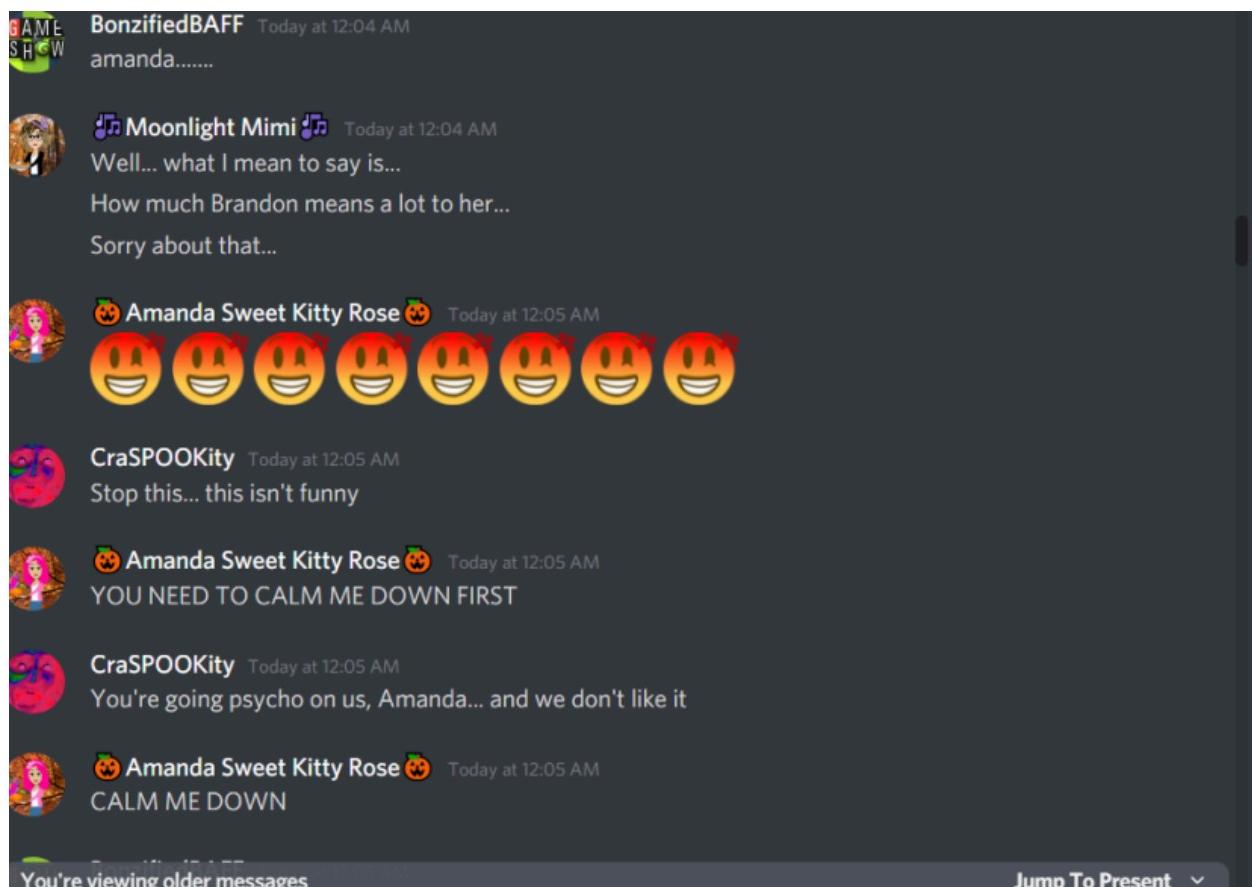

▶ Amanda rose admitting her wrongdoings (reupload)

Amanda is now trying to distract her fans by doing this to avoid getting called out for her actions. Don't fall for it.

IMPORTANT UPDATE TO THE GOOGLE DOC

It appears that one of the screenshots on here has been taken out of context by a certain group to claim that Mimi “sold amanda out” once Mimi’s hate was growing, that is not true at all

This screenshot was taken before any of us in this group found out about Amanda's cheating and pedophilia, and before we knew about the two instances of amanda exposing herself to brandon (one in 2019, other one in october 2021), this screenshot was part of an intervention we had to try to get Amanda to stop being unhealthily

obsessive about her crush, and that was it, the reason mimi was being civil is because amanda was still our friend at the time ONLY BECAUSE we weren't aware of the cheating and pedophilia yet, so that "sell out" theory makes no sense. You can also tell that this is an old screenshot by the fact that crazanity nick ulti is shown in the group. We were no longer friends with Nick by the time we found out about the pedophilia and cheating. And not to mention, selling someone out or using them as a scapegoat is one of the worst things you can do to a person, we've had that happen to us before, so why would we do that? We're just here to show the truth, and that's it. We hated finding out about this, it's not fun for us.

I get what I've done was really wrong and disgusting, but my haters are not acting any better either. All I'm seeing is that people are ranting on me, making streams out of me and making lies about me and shit. Now I'm being accused of pedophilia and things are not getting better as I came back for my YouTube Career. Everyone is still accusing me of faking depression when I literally showed proof in my community post. Now I'm feeling depressed and pissed off at the same time. Ignoring them is not making any better either.

When I see my haters making death threats, doxxing me or anything stupid, it doesn't make any of them any better. Nobody is perfect and not everyone can handle hate. I can't handle hate myself and it gets worse every year. When people fuck with me, I get more miserable in the inside and out. I even had someone who I won't mention saying they wish they could shoot up my house (WHICH IS A CRIME FOR VANDALISM!), and I had someone ask in a community post if they should kill me (like a murderer).

2/3

I'm very miserable inside, and when I admit everything I've done wrong, everyone denies my apology when it wasn't even an apology video. Now people are making videos forcing others to hate me after the shit I've done. I'm seriously tired of my haters doing shit to me like in 2017. This is worse than 2017 and nobody is here to protect me. Now I am sitting in my house upset and trying to seek therapy. I just can't do this shit anymore. <:(

3/3

PLAYING VICTIM ON INSTAGRAM

Along with lying by saying people are accusing her of faking depression, when people are actually saying they know she has depression, but she uses it as an excuse and accusing people of lying on live streams, and she's

upset she has no whiteknights this time unlike 2017 with Zackary Palmer and those other whiteknights

I get what I've done was really wrong and disgusting, but my haters are not acting any better either. All I'm seeing is that people are ranting on me, making streams out of me and making lies about me and shit. Now I'm being accused of pedophilia and things are not getting better as I came back for my YouTube Career. She tried to post this on instagram instead of youtube to avoid people on youtube seeing this, but obviously her plan failed.

A sign of manipulation.

Now she is trying to make me and my friends forgive her for her horrible actions by posting these old live streams, Amanda Also Threatened to report Aurora's YT Channel just for posting THIS very Doc, She also has this idea where she thinks we'll forgive her within a YEAR (Seriously, idk where she got that, we're NEVER forgive her) <https://www.youtube.com/watch?v=oQltus8Qlho&t=1s>

She's also been sending her fans to attack Aurora just for telling the truth about Amanda, as seen in this screenshot, Seriously Amanda, just stop, This won't get you ANYWHERE.

i figured i would send this in this group even though it doesn't have to do with ethan
when i was 14 amanda rose almost sent me a bra and panty pic
right before she was going to she left discord
it took me a bit to realize what she was doing to me
but when I did I pivoted really fast
yeah i was 14 amanda rose was in her 20s
when i looked back on the dms I finally realized what she was trying to do
